# Pavion Virtual Healthcare Solutions

## Pavion's Virtual Solutions for Safer, Smarter Care

At Pavion, we understand the transformative potential of virtual healthcare. Our suite of solutions—Virtual Care, Virtual Nursing, and Telesitting/Virtual Observation—empowers healthcare facilities to enhance patient care, improve efficiency, and reduce costs. Discover how Pavion can help you redefine care delivery with our innovative solutions.

### Virtual Care

Virtual Care enables real-time, remote consultations between healthcare providers and patients, ensuring quality care is accessible anywhere.

#### Key Features:

- **High-Quality Video & Audio:** Ensure clear communication between patients and providers.
- **Secure Data Transmission:** Protect sensitive patient information with advanced encryption.
- **Integration with EMR Systems:** Streamline workflows by integrating telemedicine into existing healthcare systems.
- **Customizable User Interfaces:** Tailored solutions for clinics, hospitals, and specialty practices.

#### Benefits:

- Expand access to care for underserved areas.
- Minimize travel time for patients and providers.
- Reduce hospital readmissions with timely follow-ups.

### Telesitting / Virtual Observation

Telesitting allows healthcare providers to monitor multiple patients remotely, ensuring safety while optimizing staffing levels.

#### Key Features:

- **Real-Time Video Monitoring:** Observe patients at risk of falls or self-harm.
- **Two-Way Communication:** Instantly connect with patients to address their needs.
- **AI-Powered Alerts:** Receive notifications for abnormal movements or vital signs.
- **Flexible Deployment:** Easily scale for temporary or permanent use.

#### Benefits:

- Enhance patient safety with 24/7 observation.
- Free up clinical staff for higher-level care tasks.
- Lower costs by reducing the need for one-to-one sitters.
