Bringing Clarity and Equity to Hybrid Meeting Spaces

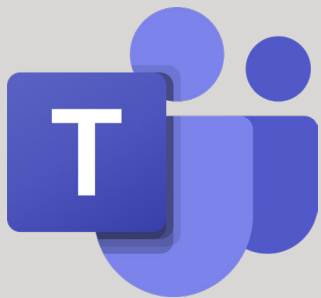

PX Meeting Room by Pavion

Empower your teams and transform your meetings with Pavion's PX Meeting Room system, designed to bring about meeting equity in every space. Each PX Meeting Room system seamlessly integrates into most small to large office spaces, eliminating logistical headaches. Our rapidly deployable solution offers effortless connectivity and enhanced collaboration tailored to meet the needs of your business.

Driving Meeting Equity

In today's hybrid work environment, meeting equity is crucial as it ensures that every participant, whether in-person or remote, has an equal opportunity to engage, contribute, and be fully heard, fostering a collaborative and inclusive environment in meetings.

For businesses harnessing the power of Microsoft Teams or Zoom, Pavion's PX Meeting Room not only offers an integrated communication solution tailored to elevate your meeting experience but also promotes meeting equity. Each system comes with state-of-the-art hardware to ensure the highest quality experience. Customized to operate in both Microsoft Teams and Zoom ecosystems, our system ensures a smooth, consistent, and user-friendly conferencing experience, fostering equity in every meeting.

Dedicated Microsoft Teams Room Integration

Synchronize effortlessly with Microsoft Teams. Our hardware appliances and tabletop interfaces align seamlessly with the Teams ecosystem, ensuring a uniform user experience and hassle-free meeting connections.

Dedicated Zoom Room Integration

For Zoom enthusiasts, our communication solution integrates seamlessly with Zoom. Tailored hardware and interfaces complement the Zoom environment, facilitating effortless meeting joins and streamlined experiences.

Discover Your Ideal Conference Room System

Pavion turns any room into a collaborative hub. From cozy huddle spaces for small team meetings to large conference rooms and office spaces for larger gatherings, our solution supports in-person and remote collaboration.

Our Solution Offers

- Large ultra-widescreen display so you don't have to choose between clearly viewing content and the essential interactions with remote participants.
- Intelligent camera technology to frame in-room participants so those connected remotely maintain a personal connection.
- Intelligent audio technology makes sure in-person participants clearly hear remote participants and that remote participants can clearly hear in-person participants.
- User-friendly interface requiring no training or manuals. Offers effortless Integration and functionality.
- Quick deployment within your existing rooms. Connect within seconds, enabling meetings to start swiftly.
- Easily scales from a single to hundreds of systems.
- Can be tailored to maximize your Teams or Zoom ecosystem, offering seamless performance with Microsoft Teams and Zoom videoconferencing platforms.
- Flexible options for small and large meeting spaces: conference room, meeting room, or huddle space. Consistent, engaging experiences across various room sizes.
- Our systems can be quickly installed to swiftly have users up and running so there's no disruption in business operations.
